

CLASS SELECTION

We have attempted to provide you with as many options as possible, however some listed options may not be appropriate for all students depending upon age and level of experience (which can sometimes vary quite a bit within a class). If you need assistance with class selection, please email Lauren Gambale at the studio: daystudio1@yahoo.com. We are happy to help you find the most appropriate and beneficial classes for your child.

Please remember ballet is the foundation of all other dance forms. We strongly recommend that dance students begin ballet at an early age and continue ballet along with any other dance forms they study.
